Elegant Design

UNIFY
Partner

Mother Technologies has been a Unify partner since 2002. Consistently innovative, Unify (formerly Siemens Enterprise Communications) manufacture the very best in telephony systems, software and handsets. With a portfolio unequalled in its breadth and flexibility, we ensure the best fit for your business.

Unify desktop phones are stylish and intuitive without compromising security or quality. They enrich the user experience with simple interfaces, high demand features and open integration.

Feature highlights include:

- Best-in-class acoustics for crisp, accurate, high fidelity voice on both handsets and speakerphone
- MS Outlook synchronization
- Access to LDAP directory
- Software upgrades mean that new features can be added with ease
- High energy efficiency as a result of using intelligent local power management
